- 12th Std.: 85% (July 2020)
- 10th Std.: 95% (May 2018)

EXPERIENCE

Wiz National Bee - State Level finalist, year 2014

This is the first national level spelling competition of its kind in India for School Children with a new approach that combines learning with fun and competition. Through this contest, students compete, learn and develop their language skills. They progress at their own pace and imbibe elements necessary for academic success.

- I emerged as the top finalist for the state level which gathered over 100000+ students across India.
- The experience made me proficient with the terms and vocabulary in the classical literature along with modern literature.

Content Creation

- I am a big fan of learning and sharing in public. Hence, I document my journey on Twitter and Instagram.
- Check out my content on Twitter where I connect to people like me and document about my web-dev journey.
- On Instagram, I create and upload reels about things like tech meetups, hackathons etc.

STARTUPSHIVE- Front End Intern

Dec 2022 - Feb 2023

The company helps incubating 1000+ budding startups all across India! I was given the responsibility to handle company's website and to lead the UI team for the same.

- I worked with the UI team, contributed to the brainstorming sessions ideating towards enhancing the overall user experience of the website.
- Collaborated with other developers to create enticing 3D objects for providing an immersive experience for the user.
- Tech Stacks used: Three.JS, WebGL, WebPack.

POSITION OF RESPONSIBILITY

ENTREPRENEURSHIP DEVELOPMENT CELL

- I was privileged to showcase my creative prowess through captivating poster designs for the esteemed Entrepreneurship Cell of our college.

RNSIT SPORTS CLUB

- I got the golden chance to craft the captivating front-end website for the prestigious Sports Club in our college. With boundless creativity and seamless design, I contributed in paving the digital pathway that celebrates the essence of sportsmanship, unites enthusiasts, and leaves an indelible mark of excellence on the virtual arena.

Hackathon (HackOverflow, Bengaluru)

- Amidst the thrilling atmosphere of a hackathon, orchestrated by Devfolio, I embarked on a journey with over 500 brilliant minds from every corner of our nation. Gratitude fills my heart as we soared to new heights, standing proudly among the elite top 10 teams. Together with my exceptional team, we crafted an immersive side-scrolling game using Three.js and Godot game engine. Our passion manifested into captivating game hurdles, intricate obstacles, and lively sprite characters, all brought to life through animations.

AWARDS & ACHIEVEMENTS

- 2 times Silver Torch winner (years: 2012 & 2015)
- Gold Card winner in the year 2012 for topping in Mathematics tests 30 times consecutively
- Gold Torch winner in the year 2017
- District winner in Art Competition, 2010 organized by Hyundai Reliable Showroom, Dhanbad
